Departments

Academic

For those pupils who are undecided in their life work and who wish instruction for higher institutions of learning, the Academic Department offers the best opportunity for development. It is the basis for all courses and the instruction given is beneficial in any vocation or life work.

Commercial

The students, who wish to follow a business career, enroll in the commercial course. Due to the growth and expansion of the business world, there has been an increased demand for those trained in the commercial field and thus a greater number enrolled in this course. Those enrolled take the following subjects: typing, shorthand, office practice and bookkeeping. These subjects furnish a very fundamental and practical introduction to a fruitful business life.

Home Economics

The Vocational Home Economics Department, under the leadership of Miss Mabel Madigan, has advanced very rapidly since 1918 when the Veedersburg High School first established this department. The purpose of this department is to give the student training which will fit her to become a responsible citizen and an intelligent homemaker, and to form the foundation for advanced learning in this work. In learning to do by doing, the girls enrolled in this course have been very beneficial to the school and social activities, at the same time gaining experience in preparing for banquets, serving, sewing and interior decorating. The subjects given in this course are: advanced foods, relative arts, home nursing, clothing and home management, family relationship.

Vocational Agriculture

The Vocational Agriculture Department of Veedersburg, operated under the Smith-Hughes Act was organized in 1917. This department makes for better future farmers and the course has been arranged so that is is possible for the boy to use this work as a foundation for entrance of a higher institution of learning. The subjects taught in this course are: farm management, dairying, animal husbandry, soils and crops, and horticulture. The boys also carry projects throughout the year which give them an opportunity to use their knowledge gained in everyday life.

Father and Son Banquet

The banquet given Tuesday, March 19, by the vocational and Freshman boys in honor of their fathers was a splendid success. The boys worked hard and spent a good deal of their time on their speeches, place cards, etc., so that the banquet might be a success. The home economics room decorated in St. Patrick colors, green and white, was a most suitable place for the banquet. Lloyd Dice acted as toastmaster of the evening and Kenneth Stuart extended a hearty welcome to all the fathers and guests. The banquet was served and the meal prepared by the vocational girls under the instruction of Miss Madigan. The boys received many well earned compliments upon the success of the banquet and are going to keep up the good work by having a bigger and better one next year.

Vocational Girls' Party

About Christmas time the home economics room was the scene of a Christmas party given by the vocational and advanced vocational girls for the freshmen girls. The Christmas decorative scheme of red and green was carried out and the feeling of Christmas permeated the air. After the buffet supper was served, contests were given out, the prizes for which were large, red, rosy apples dressed up like Santa Clauses. These were very cleverly made with the aid of marshmallows, raisins, cotton, toothpicks and red crepe paper. Christmas games were played until 9:30 and the girls having spent a very enjoyable evening reluctantly departed for home.

Algebra and Geometry Contests

The Algebra and Geometry Contests under the supervision of Mr. Roney, our mathematics teacher, were held March 28-29. These tests were sent out by the state and the participants were given a limited amount of time in which to work them out. High scorers of the Algebra Contest were Inez Campbell, first and Joe Irvin, second. In the Geometry Contest Leon Willhite scored first and Horace Helms second. These winners then were eligible to go to Crawfordsville, where the District Contest was held April 6.

Social Side

Social Side

The Senior activities started with a weiner roast October 12 at Glascock's woods. The surprising feature was the stack of firewood ready to light when everyone got there. Mr. Dockins displayed a fondness for playing "streets and alleys." The usual refreshments of weiners and marshmallows were served.

The Juniors decided to copy the Senior style and also had a weiner roast in October at Nina Jean Rusk's house. The rain accounted for having the party inside but it didn't stop the cooking and eating of weiners. Singing, dancing and games were enjoyed in the house. At ten thirty there were signs of departing shown by some well-known couples, and so ended a delightful roast.

We see by this bit of news that the Sophies really started this roast business by having one September 28 at the Hub Park. The evening began with a drizzle which was soon stopped by the begging on bended knees of the Sophies and the sponsors, Bill Walter and Squire Greenley. They enjoyed to the fullest extent the entertainment and refreshments. At last, almost at the break of day, the sponsors sorrowfully agreed it was time to go home.

The Freshies entertained themselves by having a weiner roast October 5, in Rusk's woods. Lo and behold, they even went in cars! We hear that Mr. Roney and Miss Parham had a very nice time.

The next event was a party at the High School building March 22. Games were played and prizes awarded winners. The refreshments, ice cream cones, were served, which seemed to give unusual enjoyment. Furthermore, an abundance of dates added to the pleasures of the evening.

Senior Class Play

The Senior Class Play "Give Me Credit," under the direction of Miss Ruth Burgner, was presented in the High School Gymnasium on Monday night, May 27.

"Give Me Credit" is a three-act comedy concerning the adventures of Spencer Atwell, a young heir, who is urged by his parents to carry on a business career. Pretending a sudden fondness for art and going to Chicago, he uses his allowance to lead a life of ease. Spencer tells Kay Lindsay, a wealthy young girl, that he is an artist.

His mother decides to visit his studio in Chicago which does not exist and Kay also wishes to visit him. Offering various artists any amount of money for the use of their studio and paintings, Spencer, with the help of Mark, a playwright and his fiancee, Valerie, an actress, finally persuades Gregory Thurston to agree to the scheme.

Spencer meets Gloria, a model with whom Gregory is in love, and is immediately attracted to her. Kay then meets Gregory and falls in love with him. In some embarrassing complications, especially when his mother arrives and insists that he paint her portrait, Spencer's awkwardness betrays him and Kay sees through his deception. In the end he is glad to return home with Gloria as his wife. Kay determines to promote Gregory in the fame he deserves and all ends happily.

ACTRESS NARROWLY ESCAPES DEATH BY FIRE

Kidnapping Case In Hands Of Jury

The Ditto kidnapping case has at last reached a climax. John McGaughey, a noted lawyer of the West, has made the Ditto kidnapping case one of national interest. As Mr. Ditto's lawyer, McGaughey brought to light so much evidence that the court room was filled to capacity with eager, anxious watchers.

It was generally surmised that through McGaughey's efforts, the kidnappers would undergo severe punishment.

The case was turned over to the jury at noon today, but at 3:10 p m. no verdict had been reached.

This case is of local interest as McGaughey was a former resident of Veedersburg.

New Governor Of Little America

In the midst of pomp and grandeur, La Verne Griffin took his place as Governor of Little America yesterday. His speech was broadcast over station DEF and XYZ, in a dual hook-up.

He promises a bright future to the school children, with less study and more recreation.

After the inauguration, he and his cabinet were entertained at the executive mansion by the retiring Governor.

Twins Reunited After A Lapse of Ten Years

The Misses Elinor and Patricia Wellheuser were reunited yesterday after being separated for almost ten years.

Elinor told our reporter the interesting story of their separation.

"One of our uncles, a man of great wealth, in his will bequested his entire possessions to be left to us, provided that we not see each other for nine and one-half years. Pat went to Oregon and I spent most of my time in Asia.

Yes, I'm glad we have the money, but we wouldn't do it again for anything."

Although they had not heard from each other until recently, they were dressed exactly alike.

They have decided to use their money for travel, and are ready for a trip around the world.

FIRE CHIEF SAVES ACTRESS

Jeanne Murrin, a popular actress of Hollywood, owes her life to the valiant fire chief, Lewie Roach.

Miss Murrin had just retired at her hotel, when she saw flames leaping toward her window. Her screams attracted a patrolman below, who immediately sent in the alarm.

By the time the fire engines got there, walls were beginning to fall, and people were frantically dashing toward them.

Mr. Roach saw the profile of someone, so he heroically dashed into the midst of the fire.

He emerged with Miss Murrin, who had fainted just as rescue reached her.

Both were bably burned, but it is thought nothing serious will develop. However, Miss Murrin will not be able to take the leading part in "Mrs. Hanson's Return," at the present time.

Dear Toughy:
I am so discouraged and blue, I don't know what to do. Please help me.
PICKLES

Pickles:
My, brace up, girlie. Just say, "I may be down, but I'm not out." It takes a heap of salty tears sometimes, but Pickles, do you remember God?

—

Dear Toughy:
I can dance, sing and chat, yet I am not popular. I don't have many boy friends. What shall I do?
A. M.

A. M.:
Aren't you in a peck of puckers? They always told me, "the way to a man's heart is through his stomach." Try it! He can't live on dancing, chatting and singing, but I bet he can eat.

—

Dear Toughy:
What shall I do with my hair? It's red.
AGNES

Agness:
"You're not the only pebble on the beach." I'm red-headed too, but I'm not kickin'. Just "grin and bear it." I do.

SPORTS

UNUSUAL TOURNEY

With the two strongest teams nosing up for the final game, the state tourney proved a very exciting one.

Bowman's team seemed very calm. His boys are all six-footers, and of strong, muscular build.

Turpin's team seemed almost an even match. His boys were a trifle nervous, and not quite so calm, but the afternoon game had showed their colors.

Turpin's forwards made two baskets, followed by Bowman's forwards also making two baskets. After that, each kept making a basket followed by the other.

At the half, Sim's team was one point ahead. The score then tied, and remained so until the third quarter. The score then was 16-15 with Turp in the lead.

Everyone became so excited that neither team could make any headway.

After an overtime of three minutes Sim's forward made a basket—the final score being 18-16.

Both coaches are to be complimented upon their splendid teams.

It is of interest that both coaches are local boys, and are very good friends.

Orchestra To Play Here

Cliff broadly smiled, thanked Mr. Daffy, and said, "Gosh, I sure am surprised."

He has signed a two year contract to pitch for the Cards. His salary is estimated to be about $75,000 a year.

Clawson's Masterpiece

Mr. Frederick Clawson, the great artist, has completed his masterpiece, "Dreaming," which is to be placed on exhibition at the Art Gallery in Reno. Mr. Clawson is noted for his portraits of famous people.

The picture is of the Duchess Glover. Miss Glover is painted as a sleeping maid, lying near a large forest. She is dressed in scarlet, and beside her is a fairy-like blue elf, who is bringing pleasant dreams to the little truant.

Miss Glover named the masterpiece, and after the exhibit, it will be placed in her drawing room in The Manse at Brooklyn.

Daily Short Story

LUCY'S DIPLOMA

Lucy was a Senior. Was it possible, that she, a seventeen year old girl, was graduating? It seemed only yesterday that she had put on her little green tam, kissed mother, and skipped gaily off to school.

And yet it was graduation time. Tonight was commencement. A thrill of both fear and excitement tingled down Lucy's back, while she perch-on a high stool, patiently withstood the jerks and yanks of her aunts as they tried to make her hair curly.

Make Lucy's hair curly! That was almost impossible. Straight black hair was good enough for Lucy, and if only Aunt Edna would quit.

Ah! Now, they were marching toward the stage where the Seniors were to sit.

Now, Mr. Dockins was calling off their names. Wouldn't he ever call hers? At last, Lucy—Did he really say it?

Oh, she snatched the diploma! It was hers, all hers, after twelve long years of hard work, she had that one little fragile diploma.

Was it real? Did she really have it?

Lucy awakened to find she wasn't Lucy at all but only —— ——, that her hair was not black, but ———, and not straight, but rather wavy. It was the morning before commencement and she didn't have her diploma yet.

MEMORIES

Wasn't it a queer feeling—that first day we entered the portals of School? Those elementary teachers were there to make us at ease, but the newness and difference almost startled us.

Can't you remember the first whipping Simon got? It was the first time we used our paints, and instead of painting an ocean scene, he decorated his face.

John Max couldn't seem to choose a "girl," so he wrote a note to all of them, and said the same thing in each note.

There were the thrills of having pictures taken, and practicing for operettas. Don't you remember the little Thanksgiving play we had one time, when we dressed as Pilgrims?

How Hard we used to work, selling seeds to purchase playground equipment, and how excited we were when we finally had swings, the slide, and giant stride, and how proud we were, too.

Then there was the time Gertrude had to miss so much school, and all of us were so worried.

Alice and Omega caused such a commotion one time that they had to stand on the floor. Those blushes!

Jeanne used to get in the most mix-ups. She had a grand love affair with Johnny, once.

Dan used to like a certain girl, and will always carry a scar when he accidently broke her watch crystal. Frank also will carry the scar where Simon hurt him in a fight. They sure were gritty.

Many, many new friendships were made when we, with Stone Bluff and Sterling pupils, entered High School. Many of these friendships are everlasting, and the memories, enduring and precious.

Sterling students will remember some of these incidents—unknown to most of us—yet things all girls and boys do.

You remember way back when two "little gals" in the first grade wore "pigtails" and big hair ribbons, don't you? And the annual Easter egg hunts when we all believed in the Easter bunny? Oh, yes, the magazine contests—especially the ones when pencils were given to the winning side. One time we even had a party. We had enough sheets, glasses, hammers, spoons, saws, broomsticks and what not to perform a hundred tricks—and didn't get to do but three or four.

Then there's the time one bright lad told our teacher that her "tin can" couldn't get to Danville in three hours. Do you remember when that same teacher got all we eighth grade girls beads for Christmas? Wasn't having pictures taken fun! 'Member when we had physical training out of doors and someone nearly lost her hose in a relay race?

Ah. Those were the good old days! Wasn't it fun to practice for Christmas and last day of school plays? Yes, those were good days—days never to come back, and yet never to be forgotten.

Dream House To Be Furnished and Decorated

Miss Dorothy Newman left Saturday morning for New Orleans, where she will be in charge of both decorating and furnishing the Dream House, in time for the Mardi Gras. It is a nineteen-room house, which has been built for this celebration. After the festival, it will be occupied by the Governor of Louisiana's daughter.

It is a great honor for Miss Newman to do this work. It came about through her extensive research at Purdue University. While in the South, she will also take a special course in Home Management.

SMILES

A class in English was given the task of writing four lines of dramatic poetry. One boy wrote:

"A boy was walking down the track;
The train was coming fast;
The boy stepped off the railroad track
To let the train go past."

The teacher said, "It lacks the dramatic," so the boy submitted the following:

"A boy was walking down the track;
The train was coming fast;
The train jumped off the railroad track
To let the boy go past."

—Watchman Examiner.

When you get down in the mouth think of Jonah, he came out all right.

Life—One continues hoping for tomorrow and regretting for yesterday.

COMPLIMENTS OF GLOVER DRY GOODS COMPANY

Features of The Seniors

We Seniors love old V. H. S.,
And hate to leave as did the rest,

Into this wide world we must go,
To favor the friend and fight the foe,

Here we have been given a better view,
Of life's troubles and joys that are so few,

When we grow old and can scarcely see,
We will leaf through the Annual and satisfied be.

Here familiar faces, we will eagerly see
And stop awhile to wonder "Do they ever think of me?"

We see Kenneth Stuart has black wavy hair,
So all the girls think that he's very fair.

Patricia and Elinor Wellheuser are twins you must know,
For you see them together wherever they go.

Lewis Roach is a he-man, and all of us know,
He has misplaced energy from his neck to his toe.

Frederick Clawson shortest of the short is classed,
But in ideal manners many of us are surpassed.

Paul Brown is a fair and favored young man,
He goes with the girls and sleeps all he can.

Herbert Campbell is busy all the day,
And at night plays his trumpet, so neighbors say.

Frank Turpin is favored by most Senior girls,
But it's chiefly because of his well-balanced curls.

Mable Briner is fair and as round as a peach,
When she picks her man he will stick like a leach.

Simon Bowman is mischevious beyond a doubt,
For he used to be in class less times than out.

Melba Willhite is confident and brave, you bet,
Among our dear Seniors she's the prettiest brunette.

Albert McClain is a man with heaps of respect,
For a big chicken dinner and good pie aspect.

Gertrude Glover is editor of the Annual you know,
Her slyness and looks will make it a go.

Marion Cook's an intelligent, energetic young lad,
Doesn't care for the girls—now isn't that sad?

Omega Helms is awfully hard to please,
Still she gets what she wants with the greatest of ease.

COMPLIMENTS OF JOE'S FILLING STATION, KINGMAN

Helen Landis and Lois Mettee are pals truly fine,
For if you go near them they feed the same line.

Dorothy Newman's main virtue is a ready smile,
If for a certain Senior she would smile all the while.

La Verne Griffin and his coon dog are surely good pals,
For when Seniors have disputes he sets up the howls.

John Max McGaughey can easily get a date,
For he rides them around in his father's V-Eight.

Alice VanDeventer has an outside possession,
He attends Purdue to learn a profession.

Lawrence Reed Furr has his fun all the day,
He would like shorter hours and longer pay.

Josephine Newman and Alta Mae Reed,
Pal around together and make the boys heed.

Clifford Oilar is from Sterling, a burg that is tough,
So Cliff is considered a gem in the rough.

Coyita Cook's personality is unusually sweet,
Most of us Senior boys think her smile hard to beat.

Mary Henthorne's short stature and flirty actions,
Gives her an air of complete satisfaction.

Dorothy Howard is the one witty Senior you see,
She can read your handwriting and say what you'll be.

Dan Hutchins chews his gum as a cow chews her cud,
The gum stands the chewing as nothing else would.

Louise Dimmich is sympathetic, good and kind,
As the boy who wins her soon will find.

Jeanne Murrin is a cut-up and full of good fun,
She can usually add humor to most anyone.

Alta Fogleman is short, and so is her hair,
But don't think some fellow won't fall in her snare.

Frances Keeling is quiet and abstains from the boys,
For she thinks us poor fellows are merely play toys.

Mary Ellen Leas has boy friends a plenty,
But she won't be married 'till after she's twenty.

Franses Ashby is slender and also blond
Of giggling and winking she's unusually fond.

FEBRUARY

(March 11) Well, here I am at school again. Six weeks sure can seem like a long time; however, my "daily news reporters" kept me well posted concerning affairs at V. H. S.

Feb. 1—Mr. Cade gives a lecture on notes but refrains from reading the one he found. About half the assembly sigh in relief.

Feb. 4—Mr. Holmes, the janitor, believes in the Darwin theory because the "kids" act so much like monkeys.

Feb. 5—Kisses are circulated in the assembly. Now don't get "all worked up"—they were just candy ones.

Feb. 6—Melita, don't you have enough to eat without chewing nails?

Feb. 7—Roy Bounell and Georgie Merrill think kicking their books back and forth in the aisle is great fun, but it's hard on the books.

Feb. 8—What would happen in Betty Van forgot to eat her daily candy bar?

Feb. 11—Mr. Dockins makes his usual morning speech, "Take care of the School."

Feb. 12—Martha Sue is late to geometry class for the fourth time this week.

Feb. 13—Mr. Roney has difficulty in deciding the correct way to solve a problem.

Feb. 14—Herb doesn't like the typing assignment, but then he never does.

Several girls who got chocolates for valentines are wondering how many pounds they'll gain.

Feb. 15—Boy-oh-Boy! Did Attica ever get licked? Just ask anyone around Veedersburg.

COMPLIMENTS OF JOHN E. OCHELTREE

Feb. 18—Harold L. and Norman C. both are trying to win the heart of a brunette "sophie." May the best man win.

Feb. 19—The freshmen haven't learned yet that beans are to eat, not to throw in the assembly.

Feb. 20—Two fair junior lasses get angry and almost come to blows. Tish! Tish!

Feb. 21—Della asked Mr. Roney if he had found her "quints" (elephant bracelet). He hadn't, but it seems that Pete Gillain did.

Feb. 22—The last game of the season. And we win! Whoopee!

Today's exams certainly had some queer effects. There were reports that several people were stricken with indigestion, giggles, the leg-ache, boo-hoos, and the table-itis (if you know what that is).

Feb. 25—If we moderns had to depend on the old time spinning wheel for clothing, Mr. Greenley is afraid we'd all be going around in barrels. Wonder why "trunks" wouldn't do just as well.

Feb. 27—Our teachers are so discouraging. According to them we're the worst senior class since 1920. Guess there's no use trying to be good.

Feb. 28—From the looks of Norman's face the twins must have been fighting over him again.

MARCH

Mar. 1, 2—Sectional tourney at Attica. The Green Devils played in the finals, but alack and alas, they were defeated.

Mar. 4—Miss Branham's English 12 class must have been out late last night judging from the recitations.

Mar. 5—In reply to this question: What are the state supported institutions? Lawrence Furr says, "Institutions supported by the state." Bright boy!

Mar. 6—The Home Economic girls have a vacation in the form of a trip to Kingman. They attended a short course pertaining to home economics.

Mar. 7—Students in Public Speech class are progressing very nicely. They have now discovered the amazing fact that poetry has two sides—inside and outside.

Mar. 8—Students have a vacation so teachers can attend the state tournament. Yea! Rah! We wouldn't mind having tournaments more often if we had a vacation every time.

The Girl Reserves entertain their boy friends at a St. Patrick's party. Of course everyone has a splendid time.

Mar. 12—Johnnie Cronk is the new captain of the "Devils." We're expecting great things next year. Aren't we, all you basketball fans?

Mar. 13—These seniors are just brimming over with clever ideas. First all the girls wear hair ribbons, next it's bracelets, then shirts and ties, and now dresses, sweaters, etc., must be worn backward.

Mar. 14—What's this I've been hearing Nina Jean? Who's the new boy friend?

COMPLIMENTS OF KALLY'S DEPARTMENT STORES

Mar. 24—Girl Reserve Initiation Services were very impressively prsented at the Methodist church. Nine girls were initiated.

Mar. 25—Una Campbell is wearing her arm in a sling having twisted the ligaments in her elbow. Cranie has a black eye, and he says he got it while playing basketball. Oh, well, accidents will happen.

Mar. 26—A certain gentleman (who knows by experience) says that "late hours" harm not only you individually but also your parents who stay awake till the wee small hours waiting for you to get in.

Mar. 29—Rosie Gunn is back to school after having had an attack of flu. We're all glad to see her back again.

APRIL

April 1—April fool! No, Mr. Dockins, our shoe string really wasn't untied.

Jeanne has a nap in Civics—much to the amusement of her classmates.

Apr. 2—One way to get through the pearly gates is to deed your farm to some college. I don't know what you'll do in case you don't own a farm.

Apr. 3 — Pictures are being taken. Watch out or you'll find your likeness on the snap pages of our annual.

Apr. 10—Mr. Leonard, a world war vet, gave a very interesting and impressive talk, "Peace."

The Public Speech class showed they could act too, and Earl Cable made cold chills run up and down the backs of everyone by giving "The Tell-Tale Heart" by Edgar Allen Poe.

Apr. 12—The Home Economics girls are getting to be experts at serving dinners. This time the dinner was for two men from Chicago who are connected with the National Corn Husking contest.

Apr. 15—The vocational boys bring pieces of rope to school. They're learning how to tie knots.

Apr. 16—Mr. Keller from Purdue gave the students, and teachers, five rules which one must follow to be a success. I'm sure we all appreciate his good advice.

A representative from Indiana Central discussed the merits of that college with the seniors.

Apr. 17—Pink elephants are Helen Landis' favorite pets.

Apr. 18—What! Another Speaker this morning? These seniors never will be able to decide which institution of higher learning they wish to attend.

Apr. 19—Alta Fogleman, an ardent admirer of Shirley Temple, is now copying that little star's style of hair-dress.

Construction of the Roman tower and camp is pregressing nicely. Looks like the Latin students are getting ready for war.

Apr. 23—Miss Branham's Latin class is reported to have enjoyed very interesting slides about the life of Horace.

Apr. 29—Mr. Dockins has a "primary row" in his Civics class. His ambition is to be able to give each of them 100.

Apr. 30—Lois, why can't you read? Helen laughs because you can't; you can't because she laughs. She can't stop laughing till you start reading and you can't read till she quits laughing. What a predicament!

FIRST ROW—(Left To Right)—Richard Campbell, Frank Turpin, Glenwood Holland, John Cronk, Simon Bowman, Gerald Glascock, Samuel Boatman, Daniel Layman, Richard Williams.

SECOND ROW—Left To Right)—Mr. Greenley, Coach, Lorin Haas, Charles Grigson, Jewell Shirley, Norman Cassel, Perry Teegarden, Lloyd Dice, Claude Linker, Goble Manning, Joe Irvin (Student Manager).

Basket Ball

When Coach Greenley issued the call for basketball squad try-outs, thirty-five boys responded for the team. Bowman and Turpin were the only lettermen remaining from the season of 1933-34. Other members left from the squad of the previous season were Cronk, Holland, Boatman, Glascock, Layman, Manning, Teegarden, Dice, Haas, and Campbell. New members of the 1934-35 squad were Williams, Cassel, Shirley, Linker, Lytle, and Grigson. Although there were only two lettermen, the team promised to be one of the best in many years.

Veedersburg opened the basketball season on November 2, playing the strong Bainbridge team on our home floor. Although they lost the first game, many victories were in store for V. H. S. later in the season. Final score, V. H. S. 14, Bainbridge 19.

MASCOT

On November 9, the "Green Devils" traveled to Waynetown and came back victorious, winning the second game of the season. Final score, V. H. S. 32, Waynetown 16.

The third game on November 16, was with Cayuga on our local floor. It was a hard fought game but the Greenleymen won by the score of 18 to 13.

Veedersburg went to Rockville for the fourth game on November 23. The "Green Devils" easily won the game by the score of 23 to 14.

On November 24, Veedersburg ran away from the Oxford team on our home floor. V. H. S. won the game by the wide margin of 30 to 9.

The "Green Devils" lost a hard fought game to the large Wingate team in our local gym on November 28. Although we lost the game, it was classed as one of the best games of the season. Final score, V. H. S. 25, Wingate 27.

The first real upset of the season came on November 30, when the under-rated Hillsboro team dropped Veedersburg 20 to 19.

The Crawfordsville team came to the local gym on December 7 for their annual defeat by the Green Devils. It was another close game but the local boys over-powered them by the score of 20 to 15.

Cn December 14, the Greenleymen went to Attica to battle with the hard driving Attica team. Attica led nearly all of the game but a rally in the last three minutes led V. H. S. to victory by the score of 23 to 21.

Veedersburg won a close game from Covington on December 21. The score was tied most of the game but a rally late in the fourth quarter led the Green Devils to victory. Score 22 to 18.

On January 4, V. H. S. won from Hillsboro by the score of 38 to 22. Although Veedersburg won by a large margin, it was a rough, hard-fought game.

The Green Devils played Attica in the third game of the tourney. It was a close game with Attica leading by a narrow margin for most of the game. At the final gun, Attica was leading 19 to 22 and spoiled the Greenleymen's hope for victory in the tournament.

Veedersburg lost a close game to Covington on January 18. Both teams seemed almost unable to score, the score at the half being 3 to 1, for Covington. The final score was 7 to 12.

The Williamsport team came to V. H. S. on January 25 only to be defeated by the Green Devils. Williamsport led during most of the game but in an overtime, Veedersburg won by the score of 23 to 27. V. H. S. collected 7 out of 25 foul shots.

On Saturday, January 26, Veedersburg went to West Lebanon to carry home the laurels. V. H. S. led the whole game and won by the wide margin of 37 to 14.

For the fifteenth start of the season, the Green Devils won a close game from Kingman. Veedersburg led most of the game and won 25 to 16.

A FAN

The "Green Devils" were defeated at Clinton on Tuesday, February 5. Clinton led by a narrow margin most of the game and won 35 to 28.

On February 8, the V. H. S. boys traveled to Roachdale to be defeated 30 to 33. It was a close game with Roachdale leading most of the game.

West Lafayette defeated Veedersburg on their home floor, Tuesday, February 12. The final score was 30 to 24. This game removed V. H. S. from the Western Indiana Conference Championship. Until this game, Veedersburg and Monticello were both undefeated in the conference.

The Attica team came to the local floor February 15, to be beaten by a large margin. Veedersburg led all of the game and easily won by the score of 20 to 9.

V. H. S. smothered the Pine Village team February 22, on our home floor. Pine Village led the first half but a rally in the second half led V. H. S. to victory by a score of 31 to 24.

Sectional Tourney at Attica on March 1-2.

In the sectional tourney, V. H. S. had a hard schedule. Their first game was with Kingman. The score was close with Kingman leading most of the game. A rally in the last few minutes of the fourth quarter led Veedersburg to victory, 21 to 20.

The next game was with Attica. They also held a close score over V. H. S. but by a rally late in the game, Veedersburg won by a score of 28 to 27.

Having defeated Attica, Veedersburg met Williamsport in the final game. Williamsport defeated the Green Devils who were well worn out by the two preceding games. Again their hopes of victory were smothered. The final score was 26 to 21.

So now we go on, and in leaving we say, "Good luck, V. H. S., we're for you always."

Why Not Make Him Prove It?

This Annual

Will keep alive for time to come the memories of Veedersburg High School days. It's a classic in its field of endeavor.

We extend congratulations to the staff for their splendid work this year.

As printers of this book we hope our work merits favorable comment.

The Veedersburg News

The mountainous fat boy sat down next to a thin high school student in a crowded street car. The lean lad moved, and moved again, but the pressure continued.

"They ought to charge fares by weight," the slim boy burst out peevishly.

"It's lucky for you they don't," placidly retorted the bulky one. "It wouldn't pay to stop the car for you.'

Mr. Greenley: Who was the smartest inventor?

Joe Irvin: Thomas A. Edison. He invented the phonograph and radio so people could stay up all night and use his electric light bulbs.

Bill Dearing: Anyhow, Congress hasn't put a tax on brains.

Alta Reed: Well, generally speaking, the revenue wouldn't be worthwhile.

"REMINISCENCE"

Ye ole' Editor, running out of anything sensational, sits down to some reminiscing. After all, Veedersburg High School has turned out quite a number of successful students, a great many who have been fortunate enough to go on to the great school of higher learning. Think back with me, if you will, for a few years.

There is and has been, quite a representative body at Indiana University including James Morgan, Gwyn McCord, Georgia Overfield Props, Jack Hurst, William Madigan, Chester Teegarden, and Paul Teegarden.

George Reed Glover and Richard Glover attended DePauw. Bert Boggs went to Illinois. Ellen Van Hoesen to the University of Oklahoma, Albert Reynolds to Lafayette Business College, Marjorie Green to Utterback-Brown, Maxine Walton and Leota Lynch to Nurses Training, Jane Compton to Butler and George Black to Adrian College. Dan Walter and John Gunn attend Wabash, Virginia VanDevanter, Lucille Morgan and Ruth Williams studied at Indiana State Teachers College and representatives at Purdue included Georgianna and Webster Van Hoesen and Raymond Zeigler.

Besides being able to boast a successful student body, Veedersburg High School has had many improvements made on the building proper. Starting the school term in September, a new Mathematics room was dedicated on the northeast side of the building, and a band room built in the basement. We are also proud of the new coat of paint—especially in the gym. The grounds, both of high and grade schools, have been greatly improved by shrubs set out by experienced landscapers. We are proud of our school and happy to be called graduates of Veedersburg High.

To the 1935 Pintus staff, the faculty, student body, parents, business men, and everyone who has helped to make this annual a success, I wish to express my appreciation for the fine cooperation and assistance you have shown.
